Dear ██████████

25X1A5a1

The enclosed material was mailed to ██████████ addressed to my attention. Since I am located here in Langley and the letter was marked to be opened by me only, it was promptly sent back to Washington. I believe that a different addressee should be used when sending contractual material to ██████████. I suggest that it be routed to ██████████ at the ██████████, address ██████████ is Manager of Contracts and is aware of this contract with the Agency.
